## **UNSCRAMBLE 2.0**

### **- A rubik's cube solving workshop**

#### **Resource Person:**

Chinar Metil (B.Tech MECH)

**Duration:** 1 day (If participants want 2<sup>nd</sup> day then might extent it for 2 days)

**Fees:** ₹ 150/-

#### **Description:**

It would be a workshop where the participants will learn to solve a Rubik's cube in 2 mins initially and can get faster gradually. After finishing up the 3\*3\*3 Rubik cube, they'll be learning advancing to solve the 4\*4\*4 and 5\*5\*5 cubes. And various ways to solve the cube will be taught.

I will be sharing my experiences when I was learning to solve a cube, and help them know the most common mistakes made while learning to solve a cube.

There will be a Q&A in between and some facts to keep them engaged. At last there will be a competition about designing a cube of your own (at least an idea of it) and the most innovative idea will be rewarded.

**Minimum requirements to attend the workshop:** A simple 4\*4\*4 cube and 5\*5\*5

And IF you have any other cubes to get helped with.
